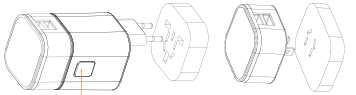
5.Use the Release Button to retract the plugs.

USB CHARGER



USB Power Rating
3200mAh +5vdc

WARNINGS

- The USB Charger has a maximum of 3200mA output shared between the 2 USB ports. To protect the charger, a safety cut out prevents charging if 2 devices plugged in and more than 3200mA. Please refer to the manufacturers details of any device being charged to see its power requirements. If overcharging occurs, simply remove one device and charge individually.
- Do not use the adapter if the housing is damaged.
- Do not use in combination with another adapter.
- This adaptor plug does not convert voltage. The input voltage of the appliance you want to connect must match the local power network voltage.

- This product works with double-insulated, unearthed and earthed appliances (North America and Australia only), BUT does not offer the grounding protection.
- Unplug the adapter from the wall socket while not using.
- Do not expose to liquid, moisture or humidity.
- Do not handle with wet hands.
- Do not use with electronic devices demanding power over (240V–1440W; 110V-660W).
- Keep away from reach of children.
- For indoor use only.
